ABOUT THE FOUNDATION

The SEAL Legacy Foundation is a 501(C)(3), nonprofit organization dedicated to providing support to families of wounded and fallen United States Navy SEALs, educational assistance for SEALs and their families, and other charitable causes benefiting the SEAL community. The Foundation was established in 2011 by SEALs to preserve their legacy of no one left behind.

NO ONE
LEFT BEHIND
NO ONE
FORGOTTEN

United States Navy SEALs have been at the tip of the spear for over 20 years in our nation's fight against terrorism and others who would do us harm. Deployments, inherently dangerous training, and combat have taken their toll on operators and their families. The SEAL Legacy Foundation is a 501(C)(3) dedicated to providing support to SEALs and their families.

PROGRAMS INCLUDE:

GOLD STAR & SURVIVING FAMILY SUPPORT

Support for Gold Star/surviving spouses and children of Navy SEALs in the immediate aftermath of a loss and in the ensuing years. Assistance is offered for funerals, mortgage, education, dental care and other health and quality of life needs.

HOME BASE TBI TREATMENT

Home Base's Intensive Clinical Program (ICP) for post-traumatic stress, traumatic brain injury or other invisible wounds is offered free of cost to Navy SEALs. In the ICP, SEALs receive close to a year's worth of treatment in two weeks, putting them on a path of success that will be complemented by ongoing care in their home towns. Treatment, lodging, transportation and meals are covered.

HONORED SEAL LEGACY SCHOLARSHIP PROGRAM

The Honored SEAL Legacy Scholarship Program awards annual higher education scholarships to children of Navy SEALs. Each \$5,000 scholarship bears the name of one of the more than 100 Navy SEALs that have lost their lives since 9/11.

SEAL LEGACY GRANTS PROGRAM

The Foundation's grant program is designed to ease the financial burden that can occur as a result of service and includes support for health and medical costs, living expenses, child resiliency and educational needs, and other issues arising from frequent deployments and inherently dangerous work.
