

Unify Deltek Costpoint with a **Robust People Platform**

**We were built for Government
Contractors. Complete your mission
by scanning this QR Code.**

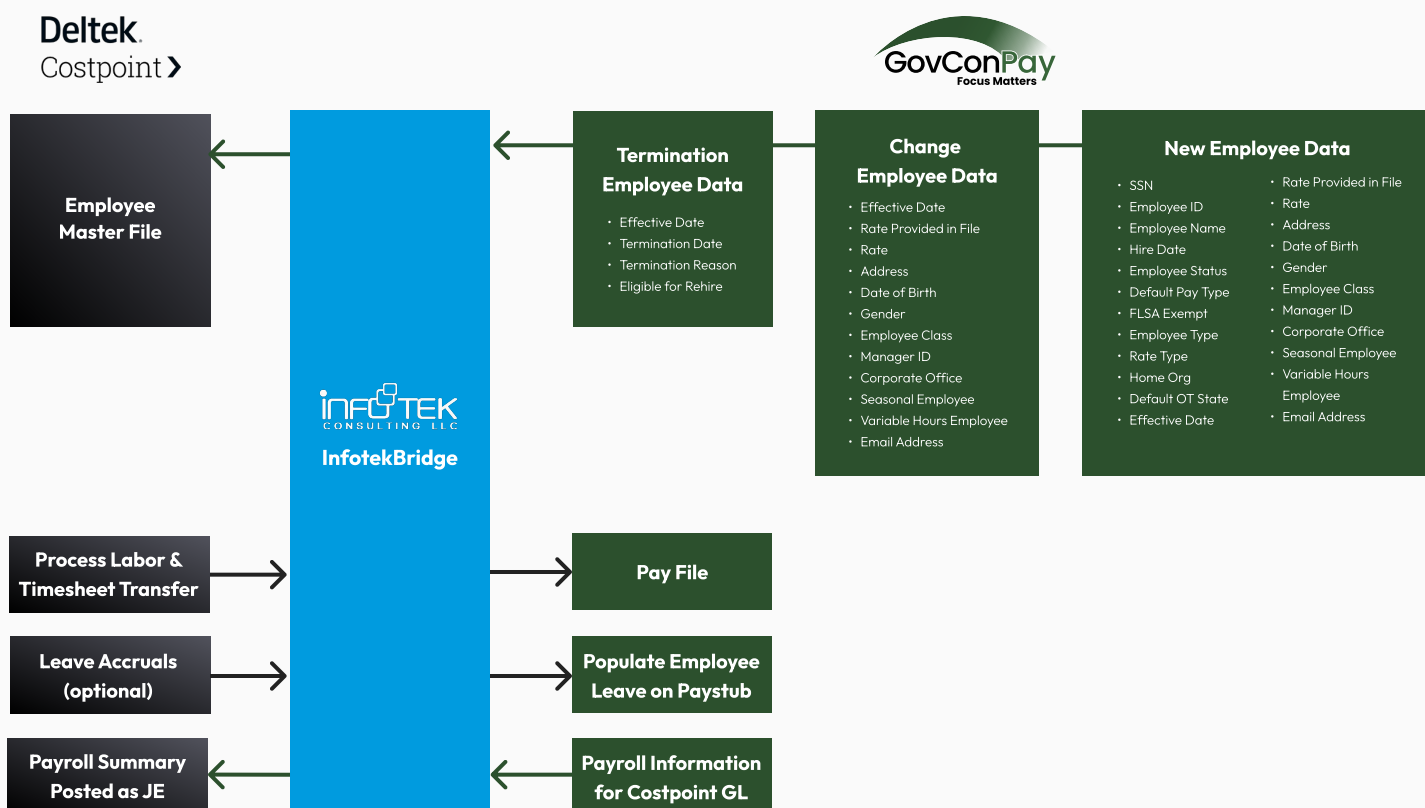

Say goodbye to days of managing multiple software platforms that fail to communicate with each other. GovConPay recognizes that government contractors need a robust outsourced Payroll/HRIS/Talent platform that integrates with their project-based DCAA-complaint ERP system.

GovConPay has partnered with Deltek award-winning partner Infotek Consulting to provide a cost-effective API solution to **integrate Deltek Costpoint with a robust and award-winning outsourced Payroll/HRIS/Talent solution**, the GovConPay isolved People Cloud.

Utilizing Infotek's proprietary InfotekBridge, **GovConPay now offers a unique, best-in-class offering for the Costpoint community.**

The GovConPay Standard Costpoint API

Data from GovConPay Sent to Costpoint Through Infotek's InfotekBridge
